Volume 9 1990 Contents

The Effect of Surgery and Nutritional Regimen on Plasma Lipoproteins and Fat Metabolites in Man
J. M. Jackson, H. T. Khawaja, S. T. Talbot and H. A. Lee 1

Intake and Blood Levels of some Minerals in an Elderly Chinese Population
J. Woo, S. Ho, Y. T. Mak, S. P. B. Donnan and R. Swaminathan 9

Intestinal Absorption of D-xylose in the Early Post-operative Period
R. Weiner, W. Hartig, R. Matkowitz and R. Laue 17

D-Lactic Acid Metabolism after on Oral Load of DL-Lactate
M. de Vrese, B. Koppenhoefer and C. A. Barth 23

Flocculation of Fat Emulsions in Total Parenteral Feeding Mixtures by Heparin
O. L. Johnson, C. Washington, S. S. Davis and K. Schaupp 29

Proceedings of the Second International Workshop on Glutamine Metabolism
E. Roth and E. Vinnars 31

Recent Findings on the Mechanism of Glutamine Stimulation of Protein and Carbohydrate Anabolism
M. J. Rennie 33

Muscle Glutamine and the Regulation of Muscle Protein Balance in Endotoxemia
D. J. Millward 34

The Safety and Efficacy of Glutamine in Humans
D. W. Wilmore 35

Glutamine Metabolism in Human Lymphocytes
P. Schauder 36

In Vitro Hydrolysis of Glutamine-, Tyrosine- and Cystine-containing Short-chain Peptides
P. Stehle and P. Fürst 37

Intravenous Protein Hydrolysates—Time to Turn the Clock Back?
G. K. Grimble and D. B. A. Silk 39

Analogues to Glutamine in Clinical Practice
J. Wernerman, F. Hammarqvist, A. von der Decken and E. Vinnars 41

Alanyl-Glutamine Infusions to Patients with Acute Pancreatitis
J. Karner and E. Roth 43

Short-chain Peptides in Parenteral Nutrition
P. Fürst and P. Stehle 45

Review

Parenteral Nutrition in the Preterm Infant
I. Z. Kovar and J. B. Morgan 57

Home Parenteral Nutrition in Children: 8 Years of Experience with 112 Patients
C. Ricour, A. M. Gorski, O. Goulet, S. de Potter, O. Corriol, M. Postaire, C. Nihoul-Fekete, D. Jan, Y. Revillon, S. Lortat-Jacob and D. Pellerin 65

Catheter Related Sepsis During Long-term Parenteral Nutrition in Paediatric Gastroenterology Patients: a Study of 185 Consecutive Central Venous Catheters
O. Goulet, M. Larchet, J. L. Gaillard, V. Goulet, D. Jan, Y. Revillon, S. Lortat-Jacob, P. Descamps and C. Ricour 73

Aluminium Loading in Children Receiving Long-term Parenteral Nutrition
M. Larchet, P. Chaumont, M. Galliot, R. Bourdon, O. Goulet and G. Ricour 79

An Unknown Source of Vitamin K1 in Patients on Total Parenteral Nutrition
O. Goulet, J. J. Lefrere, M. Guillalmont, M. Leclercq, J. Lerable, D. Gozin and C. Ricour 85

Calcium and Phosphorus Balance in Very Low Birth Weight Babies on Total Parenteral Nutrition
F. Colonna, M. Candusso, U. de Vonderweid, S. Marinoni and A. M. Gazzola 89

Parenteral Nutrition in Bone Marrow Transplantation
M. Lough, R. Watkins, M. Campbell, K. Carr, A. Burnett and A. Shenkin 97

Indomethacin Prevents the Increase in Urea Synthesis Capacity and the Weight Loss after Hysterectomy in Rats
H. Heindorf, T. Almdal and H. Vilstrup 103

7 g Weighted versus Unweighted Polyurethane Nasoenteral Tubes—Spontaneous Transpyloric Passage and Clinical Performance: a Controlled Randomised Trial
J. J. Payne-James, R. G. P. Rees, J. Doherty and D. B. A. Silk 109

Proceedings of the Second International Workshop on Glutamine Metabolism, September 1989. Continued.
Metabolic Control Logic Applied to Glutamine Flux Between Muscle and the Immune System
E. A. Newsholme 113

The Arvid Wretlind Lecture 1989
The Hormonal Control of Protein Turnover
D. J. Millward 115

Five Years' Experience with Long Saphenous Catheterisation for Chronic Venous Access
A. J. Rich 127

Catheter-related Sepsis in Long-term Parenteral Nutrition with Broviac Catheters. An Evaluation of Different Disinfectants
T. Rannem, K. Ladefoged, J. Hegnhoj, E. Hylander Moller, B. Bruun and S. Jarnum 131

The Effect of Zinc and Vitamin C Supplementation on the Immune Status of Patients with Crohn's Disease
A. Animashaun, J. Kelleher, R. V. Heatley, L. K. Trejdosiewicz and M. S. Losowsky 137

Magnesium Deficiency in Patients on Home Enternal Nutrition
R. H. R. Park, A. Galloway, A. Shenkin, J. F. MacKenzie and R. I. Russell 147

Palmitate Turnover and its Response to Glucose Infusion in Weight-losing Cancer Patients
O. Selberg, D. C. McMillan, T. Preston, H. Carse, A. Shenkin and H. J. G. Burns 150

Decanting—a Source of Contamination of Enteral Feeds?
A. Anderton and K. E. Aidoo 157

Enteral Nutrition and the Function of the Intestinal Microflora in Healthy Adults
C. E. Leijonmarck, B. Carlstedt-Duke, A. Gustafsson, A.-C. Midtvedt, K. E. Norin, H. Saxerhold and T. Midtvedt 163

The American Anthropometric Norms are not Suitable to Assess the Nutritional Status of a French Population
T. Constans, Y. Bacq, P. Bertrand, A. Beaugerie, C. Babault, J. Delarue and F. Lamisse 168

Accuracy of Plasma Turbidity Measurement for Determining Fat Intolerance during Total Parenteral Nutrition
J. Nordenström, A. Thörne and M. Lindholm 172

Correspondence Section 176

Effect of Dietary Supplement on Nutritional Status and Clinical Outcome in 501 Geriatric Patients—a Randomised Study
J. Larsson, M. Unosson, A.-C. Ek, L. Nilsson, S. Thorslund and P. Bjurulf 179

The Correlation Between Anergy, Malnutrition and Clinical Outcome in an Elderly Hospital Population
A.-C. Ek, J. Larsson, H. von Schenk, S. Thorslund, M. Unosson and P. Bjurulf 185

Low Anthropometric Indices in Elderly Females with Fractured Neck of Femur
P. I. Mansell, J. Rawlings, S. P. Allison, M. J. Bendall, M. Pearson, E. J. Bassey and M. Bastow 190

The Effect of Carnitine Supplementation on Carnitine Balance in Patients with Persistent Post-Operative Infection
M. Soop, E. Forsberg, A. Thörne, G. Cederblad and J. Wahren 195

Muscle and Plasma Amino-Acid Patterns in Severely Depleted Surgical Patients
M. Soop, E. Forsberg. A. Thörne and J. Bergström 206

The Effect of Parenteral Nutrition with Different Lipid Emulsions on Platelets
M. J. Ball and M. Allington 214

Antibiotic-Lock Technique is an Effective Ttreatment of Bacterial Catheter-Related Sepsis During Parenteral Nutrition
B. Messing, F. Man, E. Colimon, F. Thuillier and M. Beliah 220

Branched Chain Amino/Keto Acid Suplementation Following Severe Burn Injury: A Preliminary Report
P. King and D. M. Power 226

Short Papers

Effect of Starvation on Work Capacity and Voluntary Skeletal Muscle Function in Man
C. Lennmarken, H. Rutberg, L. Jorfeldt and J. Larsson 231

Glucose-Based versus Fat-Based Total Parenteral Nutrition (TPN): Effects on Hepatic Function in Septic Patients Complicated with Cholestatic Jaundice
V. Smirniotis, A. Lambrou, E. Kouris and G. Androulakis 234

Surgery of Gastric Cancer: Treatment of Post-Operative Enterocutaneous Fistulas
A. Arullani, G. Cappello, M. De Pinto and C. Gabbianelli 237

Correspondence Section 239

Book Review 240

Effects of Infusion of Branched Chain Amino-Acids Enriched TPN Solutions on Plasma Amino-Acid Profiles in Sepsis and Trauma Patients
J. P. Vente, M. F. von Meyenfeldt, H. M. H. van Eijk, C. L. H. van Berlo, D. J. Gouma, C. J. van der Linden and P. B. Soeters 241

Anticatabolic Properties of Branched Chain Amino-Acids in Post-Operative Patients. A Prospective Study
F. Baticci and F. Bozzetti 246

Effects of Hysterectomy and Semi-Starvation on Amino-Acid Gradients Across Liver, Muscle and Gut in Rats
H. Heindorff, T. Almdal and H. Vilstrup 253

The Effect of Infused Fat Emulsions on Reticuloendothelial Function in the Rabbit
S. S. Davis, L. Illum, R. Muller, F. Landry, J. Wright and G. Harper 260

Within-Day Variation of Bioelectrical Resistance Measurements in Patients with Chronic Obstructive Pulmonary Disease
A. M. W. J. Schols, A. M. C. Dingemans, P. B. Soeters and E. F. M. Wouters 266

Total Body Potassium, Fat and Water During Total Parenteral Nutrition in Crohn's Disease
S. Jacobson and B. Carlmark 272

Selenium Status Prior to and During One Month Total Parenteral Nutrition in Gastroenterological Patients: A Randomised Study of Two Dosages of Se Supplementation
B. Messing, F. Man, P. Therond, T. Hanh, F. Thullier and J. C. Rambaud 281

Occult Abdominal Wall Peristomal Abscess Following Percutaneous Endoscopic Gastrostomy
J. J. Payne-James, M. J. Brays, S. K. Rana, R. G. P. Rees and D. B. A. Silk 289

Hypothesis

Weight Control and Appetite—A Genetic Perspective
J. B. Owen 291

Paper Presented at the Second International Workshop on Glutamine Metabolism

What is the Normal Response of Protein Turnover to Nutrient Supply?
P. J. Garlick, J. Wernerman, M. A. McNurlan and P. Essen 294

Correspondence Section 297

Measurement of Resting Energy Expenditure in a Clinical Setting
E. H. W. M. Fredrix, P. B. Soeters, M. F. von Meyenfeldt and W. H. M. Saris 229

Resting Energy Expenditure in Injured, Septic, and Malnourished Adult Patients on Intravenous Diets
S. N. Shaw-Delanty, D. H. Elwyn, J. Askanazi, M. Iles, Y. Schwarz and J. M. Kinney 305

Stabilisation of Plasma Substrate Concentrations: A Model for Conducting Metabolic Studies
Y. A. Carpentier, M. Richelle, M. Rubin, C. Rossle, W. Dahlan, D. Bosson and P. D. Furst 313

Energy Balance in Relation to Cancer Cachexia
E. W. H. M. Fredrix, P. B. Soeters, E. F. M. Wouters, I. M. Deerenburg, M. F. von Meyenfeldt and W. H. M. Saris 319

Comparison of Glucose vs Glucose Fat Solutions in Cancer Patients: A Controlled Crossover Study
F. Bozzetti, M. Ammatuna, S. Migliavacca, G. Facchetti, L. Cozzaglio and A. Morabito 325

Fat Emulsions in Parenteral Nutrition after Liver Transplantation: The Recovery of the Allografts RES Function and Histological Observations
E.-R. Kuse, J. Kemnitz, J. Kotzerke, R. Wassmann, G. Gubernatis, B. Ringe and I. Pichlmayr 331

Serum Carnitine Levels in Bone Marrow Transplant Recipients
O. Kirvela, H. Antila, O. Heinonen and A. Toivanen 337

Zinz Depletion and Complications of Surgery
A. Senapati, B. M. Slavin and R. P. H. Thompson 341

Do Nasogastric Feeding Tubes Cause Gastro-Oesophageal Reflux in Healthy Subjects?
J. H. Anderson, O. J. Garden and J. R. Anderson 347
